

Antonia [full name and A# redacted]

For: My son Deyvid [full name redacted]

I want you to know that it hurts me so much that we are separated, but I'm asking God every day for us to be together again soon. I miss you so much my love. I want to see you and hold you, but I am fighting for you and soon we will be together and we will never be separated again. I am going to take care of you and protect you. I love you so much my dear. See you soon.

I love you my
